I'm a technician in application, database and software development, with a focus on innovative solutions and analytical thinking. Quickly learn and stand out for efficiency in my implementations. My passion is automation and developing programs that address needs effectively and quickly.

Work History.

■ **TechHeaven.** 17-jun-2024

Developed this e-commerce to create an innovative and scalable platform that facilitates the sale of technological products, taking advantage of a microservices architecture for efficient maintenance.

Mainly used and learned technologies:

- ❖ C#/Entity Framework/ASP.Net - MVC/ASP.NET Web API/Clean Architecture (CA).
- ❖ HTML5/CSS3/JavaScript.
- ❖ SQL/Management Studio.

Functions and my participation in the project:

- ❖ **Microservices architecture:** Design and implementation.
- ❖ **Full stack development:** Creation of main modules (API, application, domain, infrastructure, web).
- ❖ **Systems integration:** Dependency management and control injection.
- ❖ **Optimization and scalability:** Improved performance and efficient maintenance.

■ **Nexgen-Innovations.** 16-april-2024

Developed this fully functional Web application that allows us to have all the users of the system registered in a database, its function is efficient when it comes to having all our information organized, prepared in a scalable way.

Mainly used and learned technologies:

- ❖ C#/Entity Framework/ASP.Net Core – MVC Model.
- ❖ HTML5/CSS3/JavaScript/Bootstrap.
- ❖ SQL/SQLite.

Functions and my participation in the project:

- ❖ **Architecture:** Design and implementation.
- ❖ **Full stack development:** Creation of the web application, Creation of the database, Creation of the interface and drivers.
- ❖ **Systems integration:** Dependency management and injection of control to DB.
- ❖ **Optimization:** Improvement in performance and efficient continuous maintenance.

Education.

■ **Software Development Technologist.**Feb 2023 – Present

Software Development Student.

Instituto tecnológico de las Américas (ITLA). Autopista Las Américas, Km. 27, La Caleta, Boca Chica.

■ **ITFAM:**Aug 2019 – Jul 2022

Technologist Development and Administration of Computer Applications (DAAI).

Instituto Tecnológico Fabio Amable Mota. Prolongación Avenida Venezuela #2, Santo Domingo Este 11906.

Learning: Office automation, PHP and C# programming, Design and development of Access and SQL databases, Development of HTML 5, CSS3 and JS web portals.

Courses.

Profesional de TI – IT Essentials.

Software Testing Masterclass 2023 – Udemy.

Tester – Capacitate para el empleo.

Ofimática – Capacitate para el empleo.

Soft skills.

English B2.	Leadership.	Empathy.
Problem resolution.	Logic and Critical Thinking.	Respect.
Continuous learning.	Teamwork.	Honesty.
Creative thinking.	Adaptability.	User assistance.
Networks and connectivity.	Technical support.
